QUILTING and SEWING CLASSES 2010

Kids Beginning Sewing Class Level 1

March 4, 2010 from 4:00 PM to 5:30 PM

Skill Level: For kids, ages 8 to 11 who have had very little or no sewing experience

Class Fee: \$15/month includes all materials for project but does not include the book.

The group meets once a month to do kid-friendly projects that are fun and teach them how to sew. Most of the projects are from *Best of Sewing Machine Fun for Kids Book*, which each student is required to bring to class. The group is small so that each child can get the attention and support they need. Each new project builds on skills learned the previous month. Games, puzzles, and stitching practice in the book, for them to work on between classes, increase their sewing knowledge and abilities.

Wool Club

March 6, 2010 from 9:00 AM to 11:30 AM (normally meets the 1st Saturday of the month)

Skill Level: Beginner

Class Fee: Cost of the monthly kit varies

This group meets once a month to work on wool appliqué projects together. We are currently in the middle of a Block-Of-The Month Bed Rug so we are not taking new sign-up until this is completed.

Skill Level Definitions:

Beginner Level:

Entry level, does not require any prior training although it is better if you have taken our beginner table runner class to learn the basics. Classes at this level are designed to give those who have had training in the basics more practice and review of these skills. This level requires no previous experience in technique, but does require basic knowledge of machine or computer for computer-related classes.

Advanced Beginner:

A beginner level project but participants must be at the point where they are comfortable in the use of the rotary cutter and of their sewing accuracy. Participants may be asked to do the cutting prior to class and will likely have to complete part of the quilt outside class time. This class may introduce a technique that is beyond the basic quilting techniques but still at the beginner level. This level assumes a full understanding of sewing or embroidery machines with some basic experience in quilting or garment construction. For computer classes at this level, some digitizing experience and basic knowledge of computer terms is helpful.

Advanced:

Requires that the participants be proficient at the basic quilting skills (i.e. use of rotary cutter, straight & accurate seams, pressing without stretching, understand common quilting terms and know how to assemble common blocks such as half square triangle, pinwheel, flying geese). This class may introduce a technique that is beyond the basic quilting techniques and beyond beginner level. This level is for those looking to further and refine their technique. A full understanding of garment construction, quilting and sewing terms is assumed. For software classes, this level would also include knowing basic software and digitizing terms.

Class Guidelines:

Pre-registration is required for all classes. There are no refunds unless someone registers to take your place or for some reason the class is cancelled.

When you pay for a class, you will receive a list of the supplies you will need to bring to class. Models of class projects are on display in the shop. Don't forget, you can have a quilt you made in a Crazy to Quilt class quilted by Quilting Like Crazy at a 10% discount. There are many beautiful examples of their work throughout our shop.
